CTweather.com- school closing alert registration

CTWEATHER.COM is one of the timeliest and most reliable means of communicating any weather-related school closings, delays or early dismissals. Furthermore, by registering on their site, you can arrange for email and/or text message alerts to make you aware of these announcements.

Visit CTWEATHER.COM, and go to the IAN CANCELLATIONS, and select SCHOOLS from the drop-down menu. Here you will find a list of ALL CT Schools that have called for weather-related schedule changes. This list is constantly updated by all registered school districts and is always first to communicate any weather related school closings.

To create an account so that you can receive email or text message alerts when school is closed, delayed or dismissed early due to weather, please follow these instructions:

1. Log onto www.ctweather.com
2. Click on the "E-NOTIFICATIONS" button and select "SCHOOLS" from the drop-down menu
3. You will now be asked to sign up for an account. Enter all of the required information, including an email address, your cell phone number and your cell (SMS) carrier for receiving text messages. Click "SUBMIT" when finished
4. You will now receive a message telling you that an account has been created and that a confirmation email has been sent to your address.
5. To set your account up you will need to sign-in. Again, click on the "E-NOTIFICATIONS" button and select "SCHOOLS" from the drop-down menu
6. Now, complete the "LOG-IN" section to access your account. Once logged-in, the system will display your name, email address and cell number on file.
7. A list of all registered school districts will be listed in alphabetical order. Select (by clicking the check-off box) each school district that you wish to receive notifications and alerts regarding their cancellations, etc. (This is where you will need to find and select 'Side by Side Charter School')
8. Click submit when finished
